A lesson in urban refinement: sit down to coffee in the unique, shell-shaped Piazza del Campo where the famous horse race il Palio is held biannually in July and August. This event and Siene tradition has been held almost every year since Medieval times and is no mere tourist attraction - on the contrary, it is a symbol of the rivalries that persist between the town's contrade (districts). After the hunt, you will enjoy a breakfast in the forest and eat the mushrooms at Castello Banfi Il Borgo for dinner. This tour is exclusively offered during the mushrooms season and according to weather conditions; please enquire.
